This list is not exhaustive.

Fixed fees do not apply to some areas of extra work as the time spent on them can vary considerably. Where there are multiple or complex transactions we must agree additional fees either on a one off or reoccurring annual basis. We will aim to provide a quote at outset and do everything possible to work within the quoted fee.

Examples of work requiring additional time cost fees include detailed correspondence or meetings with solicitors, advisers, accountants or any other professional, excessive chasing for transfers, aborted transactions, LTA charges, unauthorised payment charges, surcharges and HM Revenue & Customs investigations.

All fees are subject to VAT.

*Additional fees may be due by other parties in addition to our fees. For example where a Property or Loan Back is concerned there will be additional fees payable to solicitors in relation to legal costs for a change of title, environmental searches and lodging security.
